Drink Pairings

Clients must have their own event insurance and an AGCO special event permit to purchase alcohol under, when booking these services with us. We happily help you obtain this permit as part of our services.

Please note that we do not sell alcohol, nor do we mark up the prices of any alcohol served. All alcohol is purchased on behalf of our clients, and they are paying us for our hospitality services, beverage consulting, preparation time and staff that it takes to responsibly serve their alcohol to them. These services provide everything you need to offer your guests a variety of drink pairings with your special event. Includes: smart service certified staff, rental glassware, bar tables with linen, ice bins, ice, coolers, recycling and garbage disposal.
